

Art.-No. 25201

Mosquito Net, Cone

Both, for home use and travels

The protective mosquito net for your bed. This mosquito net, designed for a double bed, is simply hung over the mattresses and is an excellent mosquito protection at night. Protect yourself, your children and your partner against unloved mosquito bites, the annoying buzz and the itching and scratching during the night.

- suspension hook included
- mesh density of 25 meshes/cm²
