## Fly Screen Curtain

For doors up to a size of 100 x 220 cm

Balcony and porch doors are often kept open during the summer, but using ordinary fly screens is not possible, as the screen should allow for passing through the door. Gardigo has a comfortable solution for this problem:

The Fly Screen Curtain with magnetic clasps. The clasps will close the curtain almost by themselves. Even pets will manage to open the screen and pass through the door.

The Fly Screen Curtain is made of a rugged, high quality fibre-glass fabric. It can be shortened and customized to the size of your doors.

The screen can be fixed to the door frame by using hook and loop fastener strips or thumbtacks. Both are included in the delivery.

### Additional information

- **Dimensions:** 100 x 220 cm (W x H)
- **Packaging dimensions:** 17 x 26 x 7 cm (W x H x D)
- **Manuals included:** DE, GB, FR, ES, IT, NL, PT
- **Product video, product images, scenery images**
