Marten Deterrent Mat

For parking spaces, car ports and garages

Do martens visit your vehicle over and over again? The furry intruders like to make themselves comfortable in the cosy warmth of the engine compartment. This is where they leave behind dirt and food residue, which develop a strong odour when decomposing. In the worst case they attack wires and hoses when other martens leave behind their odour marks in the car and the animal needs to protect its territory. Put an end to wildlife activities in the engine bay and use the Gardigo Marten Deterrent Mat. Martens have very sensible paws and dislike walking over the uneven surface of the mat. This way you turn your car into an unpleasant place for martens without harming the animals.

Use:

1. Lay out the Marten Deterrent Mat under your carport or in the garage. Cut to size if needed.
2. Use tent pegs to anchor the Marten Deterrent Mat to the ground for a permanent installation. Please be aware that the mat does not need to lie perfectly flat on the ground. An uneven surface is even preferable.
3. Park your car so that the entire engine bay is right above the mat.

Additional information

- **Dimensions:** 195 x 150 x 1.5 cm (W x H x D)
- **Packaging dimensions:** 56 x 18.5 x 18.5 cm (W x H x D)
- **Manuals included:** DE, GB, FR, ES, IT, NL, PT
- **Product video, product images, scenery images**
- **Packaging unit:** 10 units per package
