Dual Solar Animal Defense

Invisible, ultrasonic fence

Unlike humans, many types of animals can hear ultrasound very well. We make use of this trait with our Dual Solar Animal Defense. When an animal enters the range of the PIR motion sensor, it triggers ultrasonic tones of varying frequency. This quickly becomes a nuisance for furry invaders. The varying frequency covers the range of the greatest sensitivity of hearing for many animals. The Dual Solar Animal Defense has an innovative dual speaker system as well as an extra large solar panel for charging the in-built battery.

Additional information

- **Dimensions:** 14.5 x 37 x 9.5 cm (W x H x D)
- **Packaging dimensions:** 15.5 x 14.5 x 7.2 cm (W x H x D)
- **Manuals included:** DE, GB, FR, ES, IT, NL, PT
- **Product images, scenery images**
- **Packaging unit:** 30 units per package

Gardigo Solar Tier-Abwehr Dual
Art.-Nr. 60064

Einstiegsklasse 1,5

**Heimwerker
Praxis** 3/23

Preis/Leistung: gut – sehr gut
