

Art.-No. 60069

Solar Animal Repellent Pro

With ultrasound and 360° LED strobe light

Unwelcome animals in your garden or on your property? The Solar Animal Repeller Pro helps keep dogs, cats, martens, raccoons, and foxes away—without chemicals or complicated installation.

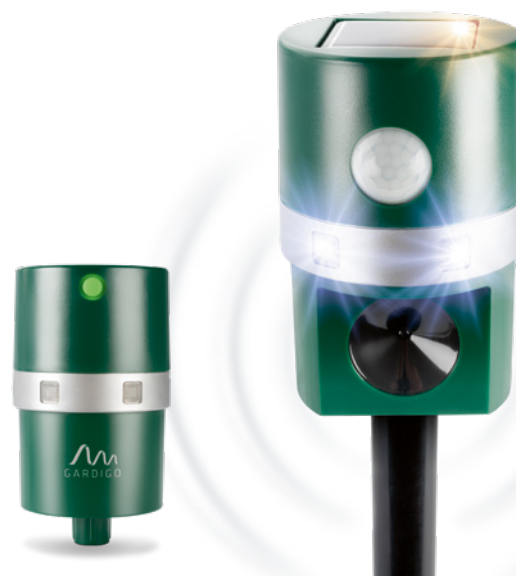

- ✓ **Ultrasonic deterrent** – The device emits high-frequency sounds that are inaudible to humans but unpleasant for animals, prompting them to instinctively seek another location.
- ✓ **LED flashlights for extra protection** – Six strategically placed LEDs provide a visual deterrent.
- ✓ **Smart motion sensor** – Instead of continuous operation, the device is only activated when an animal enters the detection range, preventing habituation.

Additional information

- **Dimensions:** 7.6 x 33 x 7.6 cm (W x H x D)
- **Packaging dimensions:** 10 x 14.8 x 8 cm (W x H x D)
- **Manuals included:** DE, GB, FR, ES, IT, NL, PT
- **Product images, scenery images**
- **Packaging unit:** 60 units per package

- ✓ **Solar-powered** – The integrated solar panel charges the built-in battery in an eco-friendly way throughout the gardening season.
- ✓ **Easy placement** – The included ground stake allows for flexible positioning in your garden, flower beds, or yard.
- ✓ **Animal-friendly** – Animals, yes – but not everywhere! Protect your property in a gentle way and deter animals without harming them!
