

Art.-No. 60079

Bird-Repellent-Barrier

The versatile system for bird control

Our Bird Repellent Spikes are an obstruction that makes it difficult for birds to perch on ledges and rooftops. It keeps away birds like pigeons and swallows without harming them.

The 400 spikes are made of stainless steel and designed for outdoor use. The 10 plastic carrier strips allow them to be mounted parallel, increasing the covered width. The carrier strips are connected by a click system. The strips can be cut at predetermined breaking points. This allows individual lengths during mounting.

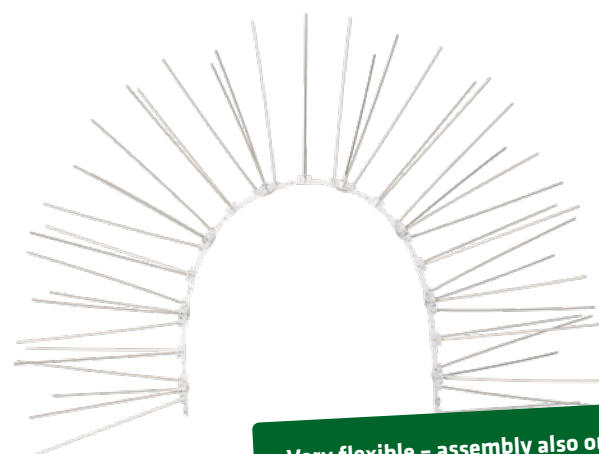

Additional information

- **Dimensions:** 40 x 10 x 8 cm (W x H x D)
- **Packaging dimensions:** 13.5 x 42 x 5.8 cm (W x H x D)
- **Manual included:** DE, GB, FR, ES, IT, NL, PT
- **Product video, product images, scenery images**
- **Packaging unit:** 10 units per package

Holes are pre-drilled in the strips for easy screwing or fixing with cable ties. You can also attach them with mounting adhesive.

Very flexible – assembly also on uneven surfaces possible
