Mouse Trap hideaway

The hygienic mousetrap for all households with pets

This mouse trap not only puts a focus on capturing the mouse, but also on safety and hygiene for the human. To avoid an accidental activation of the snap trap, it is contained in a plastic enclosure, protecting your fingers and your pet's paws. The latch is tensioned by a lever on the back. A bait (e.g. nougat or liver sausage) can be inserted by opening the lid at the bottom. You may also open the lid to release a captured mouse. The trap can be re-used.

Gardigo Mouse Trap was evaluated in the magazine "Heimwerker Praxis" 6/2017 as "very good" = 1.4.

Conclusion: „The trap works reliably. The mouse gets killed in a quick and safe way and cannot be reached by pets.“
