

Art.-No. 70035

Solar Mole and Ant Repellent Diamond

Do you need help against moles?

The Solar Mole and Ant Repellent, Diamond uses varying tones in order to disturb burrowing mammals and ants. The high-quality device with smart electronics in conjunction with solar technology is an environmentally friendly way of treating problems with ground burrowing rodents. The gardens are protected by tones at a frequency range of 400 ± 100 Hz. Voles, moles, ants and other burrowing animals are disturbed in their way of life. Quieter places will appear more pleasant to them. The finely tuned electronics with the powerful solar modules ensure a steady operation, even in low light conditions.

Additional information

- **Dimensions:** 8 x 38 x 9 cm (W x H x D)
- **Packaging dimensions:** 9 x 39.5 x 10 cm (W x H x D)
- **Manuals included:**
DE, GB, FR, ES, IT, NL, RO, BG
- **Product video, product images, scenery images**
- **Packaging unit:** 10 units per package

Specifications

- **Covered area:** approx. 700 m², depending on soil conditions
- **Frequency:** 400 +/- 100 Hz
- **Interval switching:** 2 sec. on/25 sec. off
- **Solar panel**
- **Rechargeable battery:** 1.2 V Ni-MH, 850 mA
- **With on/off switch**
- **Splash-proof**
