Marten Repellent Mobile

Place it, switch it on and be free of marten visits

Place it, switch it on and be free of marten visits. The Gardigo Marten Repellent Mobile is designed to keep away the pesky biters from the car, house, garage, barn and garden shed. The great advantage of the product is that there is no need to lay out cables for a power connection. The repellent can immediately be put into action in all locations. Just place it where it is needed and switch it on. An integrated circuit will pause and activate the signal in 60 second intervals in order to prevent the marten from getting used to the irritation.

Additional information

- **Dimensions:** 13.5 x 7.5 x 3 cm (W x H x D)
- **Packaging dimensions:** 8.5 x 18.5 x 4.5 cm (W x H x D)
