Insect Catcher with magnifying glass

Catch live insects and release them into nature

Insects and spiders that have wandered into the house can now be easily caught. The Insect Catcher from GARDIGO does this in a hygienic, clean, and poison-free way. Place the capture hood over the insect and carefully close it with the slider. This product also allows fearful individuals to catch the creatures without having to get too close to them. The Insect catcher is particularly exciting for children. With the integrated magnifying glass, they can examine the insects very closely. This encourages natural cu-

riosity and is also beneficial for adults' awareness of nature and the environment.

Then simply release the insect or spider outdoors. Catch and release instead of extermination!

Additional information

- **Dimensions:** 37 x 8 x 8 cm (W x H x D)
- **Packaging dimensions:** 9 x 43 x 9.5 cm (W x H x D)
- **Manuals included:** DE, GB, FR, ES, IT, NL, PT
- **Product images, scenery images**
- **Packaging unit:** 24 units per package
