Bird Nesting Box Stone Cottage

Decorative nesting aid

Due to the loving design with real stones, this nesting box is a real eye-catcher. The birds will be happy to have a nesting opportunity, as natural tree hollows are becoming increasingly rare. Therefore, they are grateful for every nest box. With its entrance hole diameter of approx. 30 mm, this nesting aid is suitable for many tit species and pied flycatchers.

The box also has an opening for cleaning, as most birds cannot remove their old nesting material on their own. Please only clean the nest box in winter, as some birds breed several times a year.

Use:

1. Hang the bird house in sunny spot, sheltered from wind and rain.
2. The front of the house should ideally be facing south.
3. Please leave the house hanging in winter. Birds are nesting and overwintering in it.

Additional information

- **Dimensions:** 18.5 x 25 x 18.5 cm (W x H x D)
- **Packaging dimensions:** 19.5 x 25.5 x 19.5 cm (W x H x D)
- **Entry hole diameter:** approx. 3 cm
- **Manuals included:** DE, GB, FR, ES, IT, NL
- **Product images, scenery images**
- **Packaging unit:** 6 units per package
